

It 'easy to find out if your bike will be ok on Frog I.

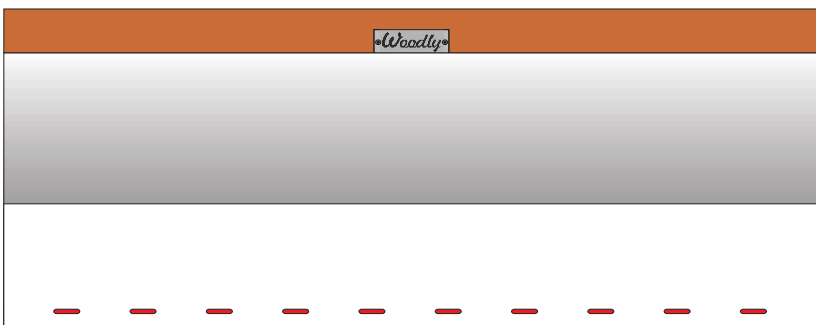

Bicycles with classic diamond frames, with the top barrel, horizontal or slightly tilted, fit better on Frog I.

The triangle between the top tube, the down tube and the seat tube should provide space for a rectangle of at least 37 cm wide and 14.5 cm high.

The handlebar must not be more than 62 cm wide.

In addition, The Frog will support bicycles with a maximum weight of 20 kg.

*Measures are in centimeters

Bicycle racks: Frog

FSC certified solid beech
20mm thick
satin finish
Natural or stained

Bike support: felt
5 mm thick pure wool
